

# What is inquiry based learning?

It is about **student ownership** of learning

It begins with **exploring**

This leads to **questioning**

And then to **investigating worthy questions, issues, problems or ideas.**

# Inquiry is...

● exploring

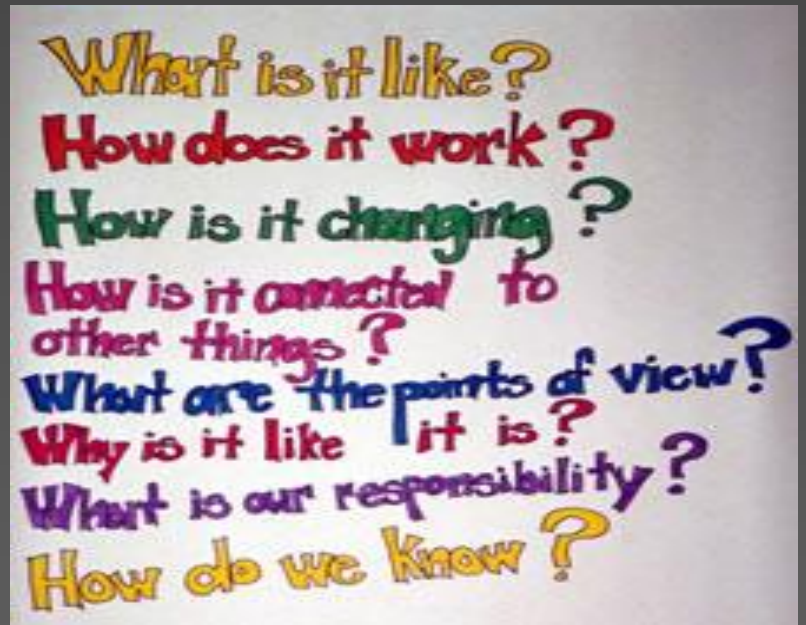

● wondering

# Inquiry is...

- questioning

- experimenting

# Inquiry is...

- ◉ playing with possibilities

- ◉ making predictions

# Inquiry is...

- collecting data

- reporting findings

# Inquiry is...

- ◉ solving problems in a variety of ways

- ◉ clarifying existing ideas

# Inquiry is...

- ◉ making connections between previous and current learning

- ◉ taking and defending a position

# Inquiry is...

- ◉ deepening understanding
- **explaining new insight**
- applying in new contexts
